

PUERTO RICO UROLOGICAL ASSOCIATION

SEPTEMBER 30<sup>TH</sup> TO OCTOBER 2<sup>ND</sup>, 2010  
SHERATON PUERTO RICO CONVENTION CENTER HOTEL, SAN JUAN

Dear Members of our Association, Visiting Faculty and Guests:

The end of my Presidency is near. Thank you very much for the privilege of serving as President of the Puerto Rico Urology Association during 2010. It has been a great honor for me.

As I look back over the year, we continue to face larger threats due to the economy crisis and changes in the healthcare system. In spite of the obstacles, we've made progress. I see all the good experiences I share and the importance of commitment between past and future generations. It is more effective working together rather than working alone.

It is our 61st anniversary. On my behalf and the Board of Directors we are proud to present a scientific program that covers all topics with the highest standards as you all deserve. In addition we have prepared excellent social events for the enjoyment of all members and guests.

I will like to dedicate this event to my father and mentor, Dr. Juan I. Medina Torres. Thank you for showing me the ethics and how to achieve excellence in the Urology practice.

This job would have been unmanageable if not for the assistance and insight of my Board of Directors, Dr. José Maymí, Dr. Jorge Crespo and Dr. Gilberto Ruíz, our Executive Secretary, Aixa Vélez and my wife Bonnie.

We continued to have good industry sponsorship, but this is more difficult to obtain and may be more of an issue in the future. I appreciate the patronage received this year and the attendance at the meeting by the pharmaceutical, devices, laboratories and other health companies.

Dr. Marcial Walker has been elected as President of PRUA for the year 2011. I would like to extend my best wishes for great success to him and his elected board of directors.

Again many thanks to all for your continued support.

My best regards,
